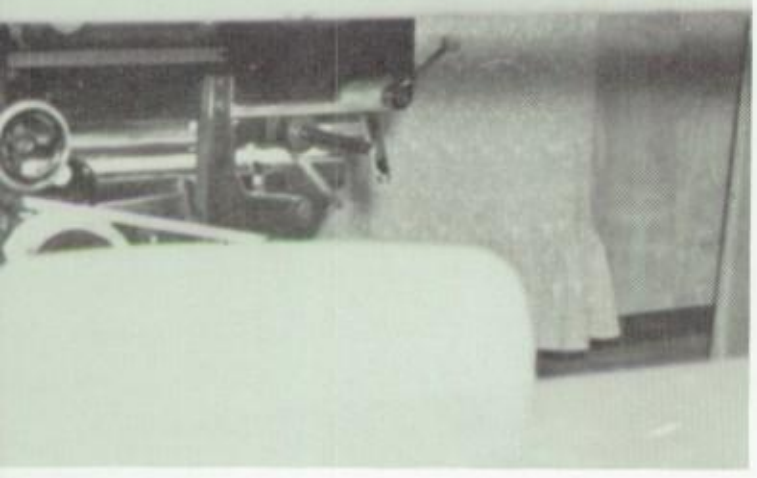
# MRS. LIBBY WINZER

She's warm and friendly.....she's a Simon Legree on deadlines.....she yells a lot....she grins a lot... She worries about her weight.....she worries about her students....she has no children....but she's everybody's "other mother." .....she's been at Widney 21 years.....she says it's a labor of love....she loves cooking.....she hates her double chin.....she's a sports fan....she's never at school when there's a pro golf tournament....She's taught English, Social Studies, Spanish, Algebra, Geometry, Science, Health, Guidance, Driver Education, but most of all, as far as we are concerned, she's taught Journalism.....sixteen yearbooks have been put out with Mrs. Winzer as adviser.

Has it been work? Well, always when yearbook deadlines were near, and the pages weren't ready, that weekend would find the editor and adviser doing 8 hours a day, Saturdays and Sundays, at Winzer Castle.... until the work got done. No staff has ever missed a deadline in 16 years! She not only advised, but took and printed many of the pictures used in this book and past books. We, the staff, feel that without Mrs. Winzer, all those yearbooks, including this one, wouldn't have been what they were.

She says this is her last yearbook. And so we want to dedicate this book to her. We hope that she will not think that all those years of service were in vain, because she has helped make Widney a better place. We, the staff of GALAXY '73, thank you, Mrs. Winzer....for everything.



Team-teaching with Mr. Pitcher in Journalism-Yearbook was a thought-provoking experience

Negatives produced by the yearbook photographers was a sometimes discouraging, sometimes exhilarating thing, according to the sponsor

Mrs. Winzer always found 'Senior Picture time' lots of fun and hard work

Teacher and "teacher's pet" produce the 1973 GALAXY

Being a Journalism teacher sometimes makes the hair turn silver... without Clairol

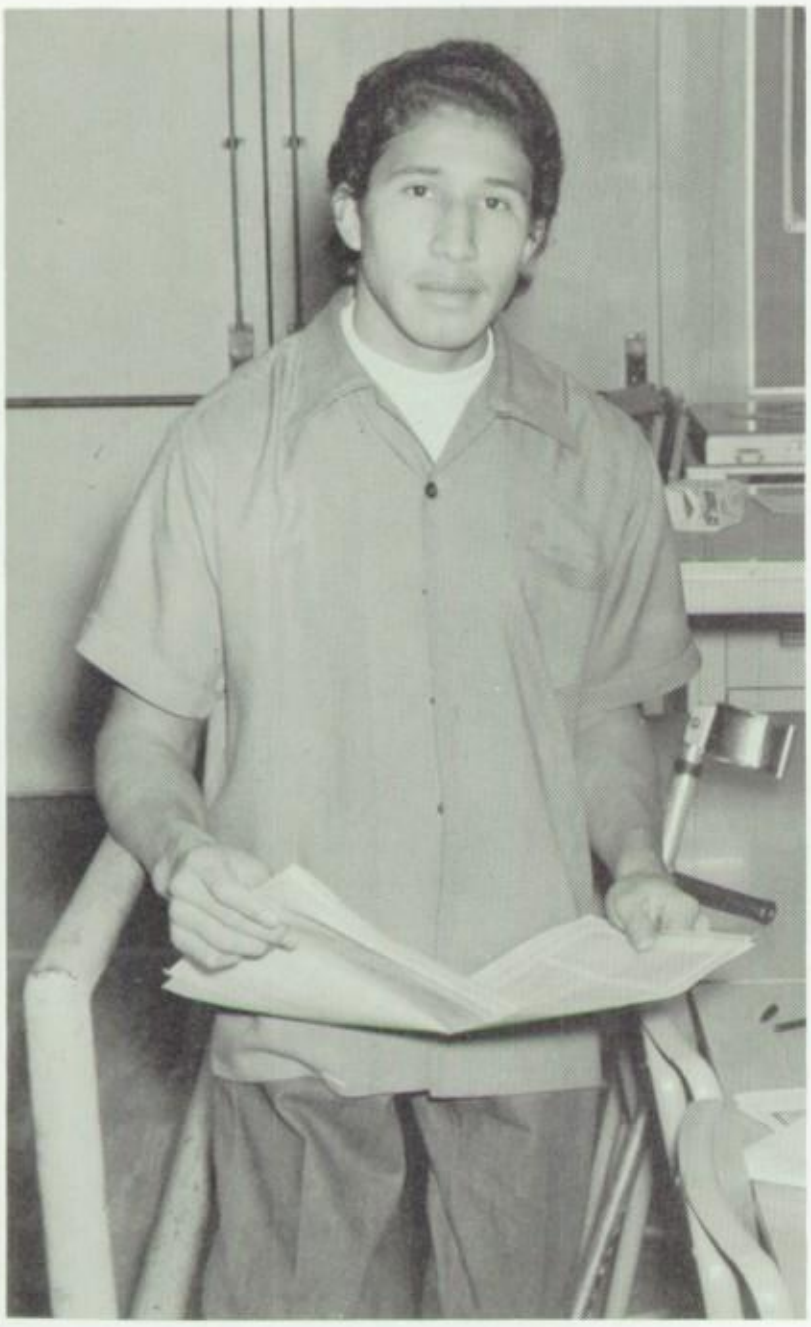
# STAFF

Photographers John Fennell, Raul Bayardo and Greg Fields share credit for all the GALAXY's Constellation of super pictures

# Galaxy '73 Staff

Stella Palazzo, Business Manager, did a busy, successful selling job on the book

Gently pointing out staff errors is Mrs. Winzer's painful but necessary task!



Rafael Ibarra, Editor-in-Chief, has full and final responsibility for every page and idea in this book!

Associate Editor is Mitchell Helms, whose main function is to come running when authority calls, and do the job!

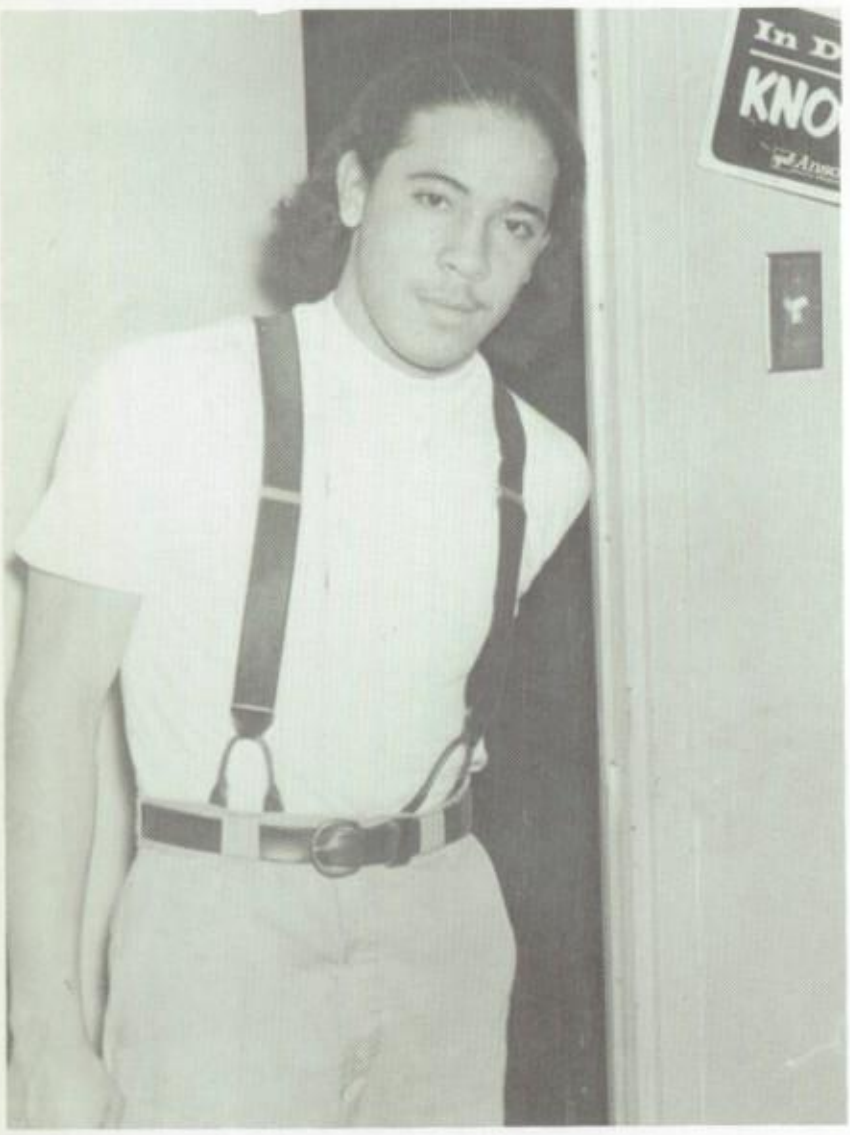
Norma Varela is second-in-command, as Assistant Editor, and does everything Raf doesn't do.

Torii West, assistant picture editor, does paste up and page makeup.

Picture Editor Marsha Newson is responsible for every picture used.

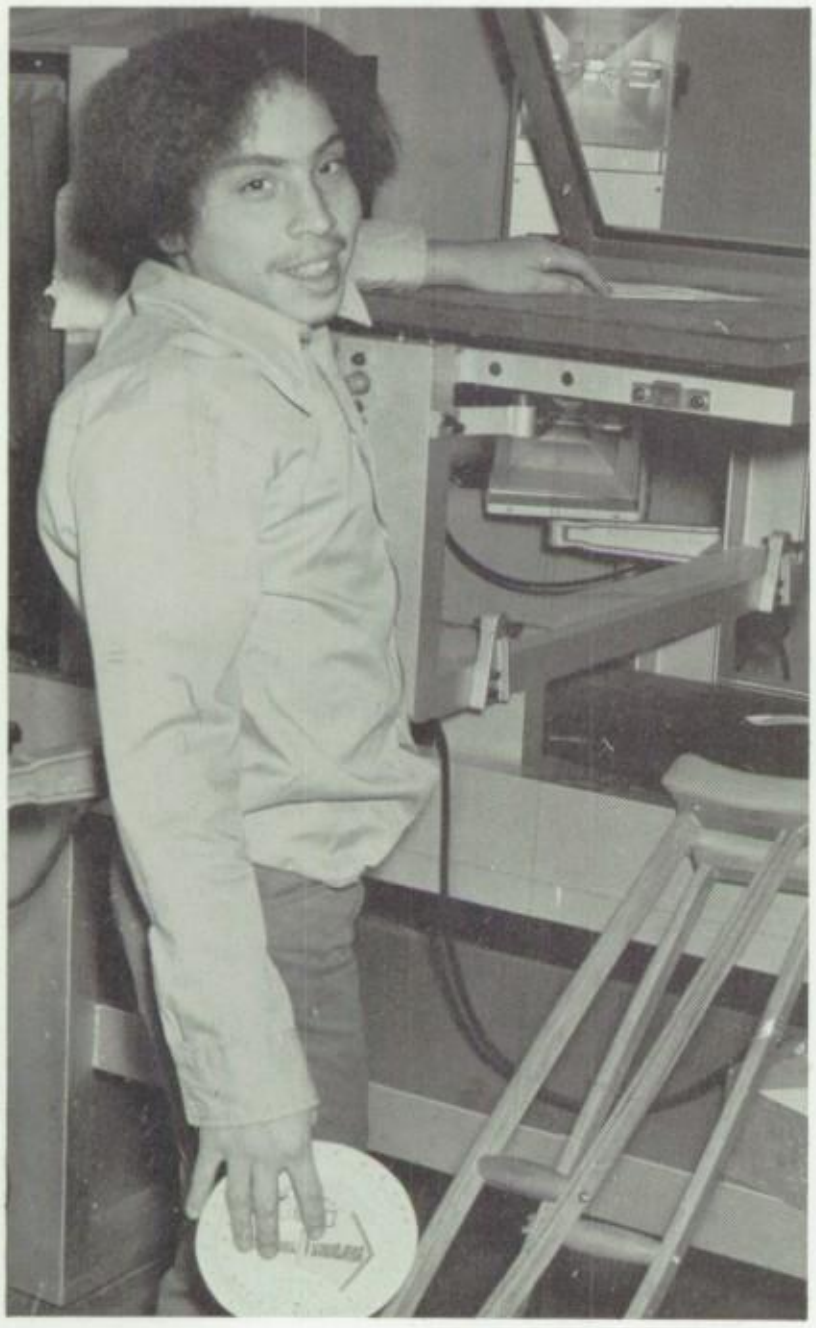
Tribbey Miller, Gazette Editor, has the responsibility of seeing that all articles are in time to meet their deadlines.

# Widney "GAZETTE"



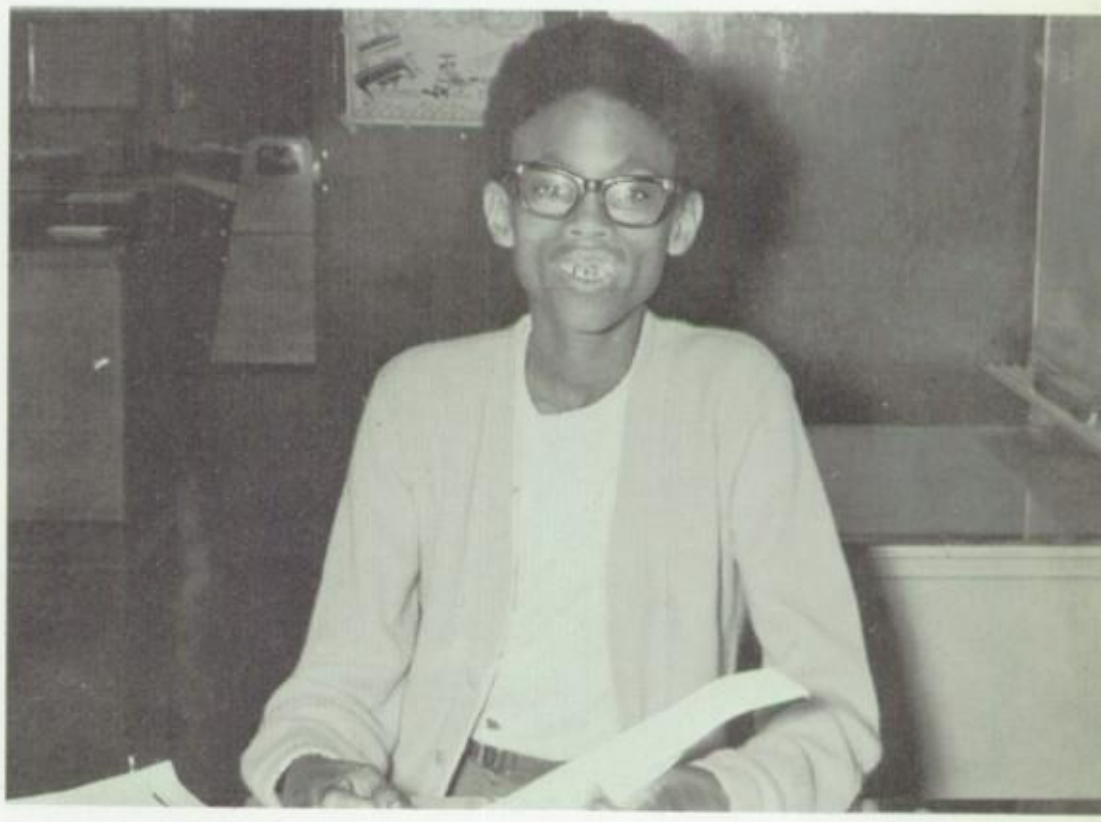
Raul Bayardo not only takes pictures for the yearbook, but also for the GAZETTE whenever his talents are needed.

 Cece Hanley, GAZETTE Reporter, covers all news items on campus.



Technician John Violente performed all technical darkroom duties necessary to publication.

Reporter Laurie Winston wrote special assignment stories for the GAZETTE.



Sports Editor Russell Joseph not only covered sports in writing, but shot many of the pictures as well.

The GAZETTE was written and published under the direction of Print Shop teacher David Pitcher.

Reporter Shayna Lavin did feature writing and special assignment work.

Student Body President Marsha L. Newson

Yes, we've only just begun.

For the past twelve years I've been praying that I would make it through to the end... the end of getting up early, of studying night and day, of riding the bouncing bus, rain or shine! But now that I stop and think about it, when Mr. Schmoll hands me that diploma, it won't be the end, but only the beginning. It will be the beginning of a life of hope that I will be able to fulfill my goals in life.

As I leave the halls of Widney, I'm proud! I'm proud because I've tried to show my appreciation for what all of you have done for me by giving my best efforts as Student Body President. It was a privilege to serve you! God bless all of you at Widney.

Harry R. Schmoll, Jr.

Principal

Dear Graduates -

When people hear the words "commencement exercises," they think of graduation. They see the graduation program as one that signifies completion of twelve years of study. Parents recall memories of these past twelve years and wonder in amazement at how fast the years have flown. Not many in attendance will look at this final day in high school as a beginning... beginning of a life for which you graduates have been earnestly preparing as the years sped by. "Commencement" means "beginning"... and it is my hope that the years you have spent at Widney have helped form a foundation for a full and worthwhile adult life.

Sincere best wishes,

Harry R. Schmoll, Jr.

Mickey Howard, director and producer, hard at work...

# "Annie Get Your Gun"

"Annie Get Your Gun" was this year's exciting musical production. It dealt with Annie Oakley who could get her gun, but not her man....until the second act, anyway.

It starred Marty Perez and Greg Stephens, supported by Marsha Newson, Greg Fields, Rafael Ibarra, Raul Bayardo, Fred Jones, and a production cast of 50, and was directed and produced by Mickey Howard, playing to delighted audiences June 1, 2, and 3.

My six years at Widney have been educational and fun! Throughout these years, I've encountered many students and teachers who have helped me a great deal. To these people I want to say thank you, very much, for giving me a helping hand when I needed one. Without some of the teachers being "after me" about my work and my studies, I wouldn't have gotten the grades during my six years that I needed for my college requirements.

When I walk out of Widney's doors for the last time, I will be walking away from six of the happiest years of my life.

Rafael Ibarra
